Item to be Scouted

Polypropylene Tray and Seat Covers

Please describe the item application/the end use of the item

Company is looking for a manufacturer in the U.S. to make polypropylene tray covers, and in the near future, seat covers such as the ones that you see on the website link: www.covermeclean.com. They currently manufacture these in India, but are having some difficulty. She recently started to work with Amazon and Walmart Marketplace and her business has taken off with the various sales outlets. I am sure that we can find more viable options here in the US with the help of our nationwide network.

Supplier Customer/Product NAICS Code, if known

326199

TECHNICAL INFORMATION

1. Supplier Information

1a. Type of supplier being sought

Manufacturer

If other, please specify type of supplier

1b. Reason for scouting submission

Past supplier no longer available

If other, please specify reason

2. Summary of Technical Specifications and Performance Requirements

2a. Describe the manufacturing process

Made via a spool of material they are making into the car seat cover. Spool of polypropylene material they cut and sew into seat. Material is gathered at the ends like a fitted bed sheet.

2b. Provide dimensions, size, tolerances, and performance specifications for the item

Seat Covers:
• Top to bottom 37'
• Bottom to buckle 11'
• Side to Side 32'
• Harness slits 14,16,18 from top 11 from side

2c. List required materials needed to make the product, including materials of product components

Polypropylene, both tray and seat covers

2d. Are there applicable certification requirements?

No

If yes, please explain applicable certification requirements

2e. Are there applicable regulations?

No

If yes, please explain applicable regulations

2f. Are there any other standards, requirements, etc.?

Yes

If yes, please explain other standards, requirements, etc.

Ca prop Standards

2g. Additional Comments

BUSINESS INFORMATION

3. Volume and Pricing

3a. Estimated potential business volume (i.e. # Units per day/month/year)

1500 - 3500 to start

3b. Estimated target price/unit cost information (flexible and negotiable not accepted)

\$2,900 for 1,500 units

4. Delivery Requirements

4a. When is it needed by? (immediate, 30 days, 6 months, etc.)

ASAP

4b. Describe packaging requirements (i.e. individually/group packaging)

Hang Tags and Soft Packaging

4c. Where will this item be shipped?

Colorado

5. Additional Comments

5a. Is there other information you would like to include?

6. Requesting Scout

6a. Scout Name

6b. Center Name

If an organization other than a Center, please enter

6c. Scout Email

Supplier Scouting Number (NIST MEP use only)
