

Supplier Scouting Opportunity 2023-045

Item to be scouted: Magnesium Anodes

Days: 7

Item description: Build America Buy America compliant magnesium high potential galvanic anodes for use on iron pipes to transport water

NAICS code: 335999

Technical Information

Supplier Information

Type of supplier being sought: Manufacturer

Reason for scouting submission: Build America Buy America compliant

Summary of technical specifications and performance requirements

Describe the manufacturing processes (elaborate to provide as much detail as possible): Magnesium casting/machining

Provide dimensions / size / tolerances / performance specifications for the item: Various sizes of magnesium high potential galvanic anodes for passive cathodic protection.

List required materials needed to make the product, including materials of product components:
Magnesium

Are there applicable certification requirements?: N/A

Are there applicable regulations?: N/A

Are there any other standards, requirements, etc.?: Build America Buy America compliant

Business Information

Volume and pricing

Estimated potential business volume: Varies over the next 5 years and will be dependent on final pipeline design.

Estimated target price / unit cost information (if unavailable explain): No target price, interested in available suppliers that are Build America Buy America compliant.

Delivery requirements

When is it needed by?: Varies over the next few years

Describe packaging requirements: Palletized

Where will this item be shipped?: Clovis, NM
