<p align="center">**Supplier Scouting Opportunity**</p>

Item to be scouted: Paper Food Container

Days: 30

Item description: Paper container that has has some specific requirements and dimensions based on the product design and use

NAICS code: 322219, 322299

Technical Information

Supplier Information

Type of supplier being sought: Manufacturer

Reason for scouting submission: New product startup

Summary of technical specifications and performance requirements
----
Describe the manufacturing processes (elaborate to provide as much detail as possible): Paper cup manufacturing

Provide dimensions / size / tolerances / performance specifications for the item: 5.5" top diameter (company could go to 6" diameter but our preference would be to stay with the 5.5"). 6" depth (5.2" depth would also be acceptable if that keeps company from the cost of custom tooling). Slight slope to side so bottom diameter is what it is (container need to be able to just 'drop' into a ring). No wax coating needed, but quote for both wax and non-wax would be appreciated. Thickness of paper can be thinner than a 'normal' food container as the materials placed into container will be mostly tissues and dry materials

List required materials needed to make the product, including materials of product components: Paper

Are there applicable certification requirements?: No

Are there applicable regulations?: No

Are there any other standards, requirements, etc.?: No

Business Information

Volume and pricing

Estimated potential business volume:

Year 1 - 2.8M units

Year 2 - 3.8M units

Year 3 - 5.2M units

Year 4 - 6.7M units

Year 5 - 8.5M units

Estimated target price / unit cost information (if unavailable explain): Unknown. New product development

Delivery requirements

When is it needed by?: Not yet determined

Describe packaging requirements: Flexible

Where will this item be shipped?: Kalispell, Montana

Additional Information

Agree (click to read agreement): Yes
