Reason for Scouting Submission (select from the list below)	
2nd Supplier	
Price	
Re-Shore	
Past supplier no longer available	x
New Product Startup	
BABA	
Other (Please Specify)	
Summary of Technical Specifications and Performance Requirements:	
Describe the manufacturing processes (elaborate to provide as much detail as possible)	For the supplier, this is a multi-component assembly of plastic parts that can be injection-molded, blow-molded, 3D printed, or other process suitable to the design and cost considerations. For our kit assembly using these supplied components, they will be inspected and placed in to a plastic bag with other components and sealed for cleanliness.
Provide dimensions / size / tolerances / performance specifications of the item	A standard 10 mL (0.3 oz) slip-tip syringe is used. The interior diameter of the tip of the syringe shall be no smaller than 2.9 mm. The tip of the syringe
List required materials needed to make the product, including materials of product components, if applicable	The material should be translucent and utilize a plastic material such as polyethylene, polypropylene or similar materials which are not softened or dissolved in lubricating oils or greases.
Are there applicable certification requirements?	
Yes	
No	x
Please explain:	
Are there any applicable regulations that apply to the production of this item?	
Yes	
No	x
Please explain:	
Are there any other standards / requirements?	
Yes	x
No	
Please explain:	Suppliers with ISO certification will allow us to reference in our ISO 17025 certification and ensure product quality and consistency.
Additional Comments:	
Additional technical comments:	Old part - Covidien 8881907102. The number remains the same, but there is a design change roughly in June 2023. Older stock may still be around but new stock is what we have been receiving and returning
Volume and Pricing:	
Estimated Potential Business Volume (i.e. #units per day, month, year):	10,000 units per year
Estimated Target Price/Unit Cost Information:	\$0.20-0.50 per piece
Delivery Requirements:	
When is it needed by? (Immediate, 30 days, 6 months, etc.)	Immediate need

Describe packaging requirements (i.e. individually/group packaging, etc.)	Group packaging in a clean bag/100 syringes per bag is how we had been purchasing these.
Where will this item be shipped?	York, Pennsylvania, 17401
Additional Comments:	
Is there other information you would like to include?	Syringe should be clean; residue and particle free, but not necessarily sterilized. Not for medical or biological use. See attached for photo reference.
