NAICS 2	

Additional Comments:

Additional technical comments:	Solid vinyl floor (SVF) tile, no wax, no stripping, no wear layer, homogeneous, flat matte finish. Commercial Classification Very Heavy. Manufactured in sizes conducive for use in 8 foot corridor.
Volume and Pricing:	
Estimated Potential Business Volume (i.e. #units per day, month, year):	18,000 sqft
Estimated Target Price/Unit Cost Information:	Costs will be evaluated at a later date since these are for projects, not just product purchases.
Delivery Requirements:	
When is it needed by? (Immediate, 30 days, 6 months, etc.)	Delivery by June 2025 for September 2025 Installation
Describe packaging requirements (i.e. individually/group packaging, etc.)	Palleted
Where will this item be shipped?	Michigan
Additional Comments:	
Is there other information you would like to include?	Nationwide MEP Supplier Scouting Search requested. Upon confirmation of the manufacturer's capability to meet the BABA requirements the manufacturer will be requested to provide a written corporate signed BABA self-certification letter (on company letterhead) signed by an executive-level individual with the authority to approve project funding for the system. NOTE: Build America Buy America (BABA) requirements are not the same as Buy American requirements. Information on BABA compliance requirements can be found at Made in America Office link https://www.madeinamerica.gov/ . NOTE: In determining whether the cost of components for a BABA compliant manufactured products is greater than 55 percent of the total cost of all components, use the following instructions: (1) For components purchased by the manufacturer, the acquisition cost, including transportation costs to the place of incorporation into the manufactured product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or (2) For components manufactured by the manufacturer, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (a), plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the manufactured product.
