

MEPNN Supplier Scouting Opportunity Synopsis

Section 1: General Information

Scouting Number	2025-033
Item to be Scouted	Steel Metal Building Supplier
Days to be scouted	21
Response Due By	02/19/2025
Description	<p>Need a BABAA compliant steel metal building supplier for a bolt up metal building quote. Project will be a 35' x 145' carport, roof only. 24 ft spacing between columns. 12' high at front sloping down to 10'6" or similar.</p> <p>Also attached is a mockup of the bolt up steel building. We would erect it; we just need a steel supplier. With bolt up steel metal buildings we have purchased in the past, they would engineer the building to IBC codes and come with engineered drawings showing the erection.</p>
Notify Requester Immediately	
State item to be used in	Texas

Section 2: Technical Information

Type of supplier being sought	Manufacturer
Reason	BABA
Describe the manufacturing processes (elaborate to provide as much detail as possible)	Manufacturing process includes but is not limited to precision cutting, shaping, forming, and welding. We need a bolt up structure - so however the typical manufacturing process is for this type of structure.
Provide dimensions / size / tolerances / performance specifications for the item	35' x 145' carport, roof only. 24 ft spacing between columns. 12' high at front sloping down to 10'6" or similar.
List required materials needed to make the product, including materials of product components	Steel (No particular type or grade, will leave that up to the steel supplier)
Are there applicable certification requirements?	No
Are there applicable regulations?	No
Are there any other standards, requirements, etc.?	No
NAICS 1	238120 Structural Steel and Precast Concrete Contractors
NAICS 2	
Additional Technical Comments	All steel must be BABAA compliant

Section 4: Business Information

Estimated potential business volume	1 off project that is a federally funded job.
